ECSC wins industry excellence award

ECSC (AIM: ECSC), the provider of cyber security services, has received an Award for Excellence at PCI London for its work within the payment card industry. The annual PCI Awards for Excellence honour the industry's most outstanding real-world examples of best practice in payment security, and this will be the third year in a row that ECSC has received this accolade.

The 2019 award is for ECSC's implementation of 24/7/365 cyber security monitoring from its global PCI certified Security Operations Centres, utilising the Company's Artificial Intelligence Kepler technology.

Ian Mann, CEO of ECSC, commented:

"We are delighted to receive this award for the third year in a row, and to be recognised for the great service we deliver, through our proprietary technologies. It is a reflection of our time within the PCI industry, and the expertise within the team."
